

Coast Guard, DHS

§ 155.1125

vessel owner or operator of the final decision.

(1) Unless the vessel owner or operator petitions for reconsideration of the Coast Guard's decision, the vessel's owner or operator must correct the response plan deficiencies within the period specified in the Coast Guard's initial determination.

(2) If the vessel owner or operator petitions the Coast Guard for reconsideration, the effective date of the Coast Guard notice of deficiency determination may be delayed pending a decision by the Coast Guard. Petitions to the Coast Guard must be submitted in writing, via the Coast Guard official who issued the requirement to amend the response plan, within 5 days of receipt of the notice.

(g) Except as required in paragraph (c) of this section, amendments to personnel and telephone number lists included in the response plan do not require prior Coast Guard approval.

(h) The Coast Guard and all other holders of the response plan shall be advised of any revisions to personnel and telephone numbers and provided a copy of these revisions as they occur.

Subpart E—Additional Response Plan Requirements for Tankers Loading Cargo at a Facility Permitted Under the Trans-Alaska Pipeline Authorization Act

SOURCE: CGD 91-034, 61 FR 1097, Jan. 12, 1996, unless otherwise noted.

§ 155.1110 Purpose and applicability.

(a) This subpart establishes oil spill response planning requirements for an owner or operator of a tanker loading cargo at a facility permitted under the Trans-Alaska Pipeline Authorization Act (TAPAA) (43 U.S.C. 1651 *et seq.*) in Prince William Sound, Alaska, in addition to the requirements of subpart D of this part. The requirements of this subpart are intended for use in developing response plans and identifying response resources during the planning

process, they are not performance standards.

(b) The information required in this subpart must be included in a Prince William Sound geographic-specific appendix to the vessel response plan required by subpart D of this part.

§ 155.1115 Definitions.

Except as provided in this section, the definitions in § 155.1020 apply to this subpart.

Prince William Sound means all State and Federal waters within Prince William Sound, Alaska, including the approach to Hinchinbrook Entrance out to and encompassing Seal Rock.

§ 155.1120 Operating restrictions and interim operating authorization.

The owner or operator of a tanker to which this subpart applies may not load cargo at a facility permitted under the Trans-Alaska Pipeline Authorization Act unless the requirements of this subpart and § 155.1025 have been met. The owner or operator of such a tanker shall certify to the Coast Guard that they have provided, through an oil spill removal organization required by § 155.1125, the necessary response resources to remove, to the maximum extent practicable, a worst case discharge or a discharge of 200,000 barrels of oil, whichever is greater, in Prince William Sound, AK.

§ 155.1125 Additional response plan requirements.

(a) The owner or operator of a tanker subject to this subpart shall include the requirements of this section in the Prince William Sound geographic-specific appendix required by subpart D of this part.

(1) The response plan must include identification of an oil spill removal organization that shall—

(i) Perform response activities;

(ii) Provide oil spill removal and containment training, including training in the operation of prepositioned equipment, for personnel, including local residents and fishermen, from the following locations in Prince William Sound—

(A) Valdez;

(B) Tatitlek;

(C) Cordova;
